SUMMARY

UI/UX Designer with 1 year of professional experience designing enterprise web applications and collaborating in cross-functional teams. Skilled in user research, interaction design, prototyping, and design systems. Passionate about solving complex usability challenges and translating user needs into intuitive interfaces.

WORK EXPERIENCE

07.2025 – 07.2026
Adobe Research, Basel, Switzerland
UI/UX design intern
Worked on design and development of the Merch At Scale platform: conducted user interviews, created user journey maps, wireframes, prototypes, and mockups in Figma. Worked with Adobe Spectrum 2 design system, created own components. Fixed code bugs, raised PRs, and worked with Claude to reduce design/code misalignments. Collaborated closely with the content authors, engineering team, project and product managers, and designers from different teams to enhance the quality of the platform.

05.2022 – 11.2022
DoubleTree by Hilton, Wroclaw, Poland
Food and Beverage Supervisor
Led and oversaw 5 departments, including restaurant, lobby bar, room service, club lounge, and conferences. Managed a large staff and product supply, handled guest relations, controlled billings and contracts, and collaborated with the reception and marketing departments.

06.2021 – 02.2022
Hilton, Kyiv, Ukraine
Restaurant and Lobby bar Supervisor
Provided high-quality service at the restaurant and lobby bar, led a team, managed inventory and billing processes, generated daily reports, maintained positive guest relations, and organized events and meetings.
